FIG. 8

FIG. 9 is a schematic diagram of a circular structure 90, such as a disk or a wafer, showing a central circular region 91. The central region 91 is defined by a smaller circle within the larger circle 90. The central region 91 is filled with a pattern of small, dark, oval-shaped features, possibly representing a material layer or a patterned surface. The label 90 is positioned at the top right, and the label 91 is positioned at the top left, both with arrows pointing to their respective regions.
